<b>Input power</b>	10 Watt
<b>Light color</b>	2700 K
<b>LED luminous flux</b>	800 lm
<b>Color rendering index</b>	CRI 90
<b>Safety class</b>	2
<b>Ingress protection</b>	IP20
<b>Weight</b>	0.45 kg

### Information on operating LED lights

Thank you for choosing our LED lights.

To ensure the best possible performance and longevity of your new lighting, please observe the following instructions:

1. When operating LED lights, visible, brief changes in light may occur due to voltage changes in the mains. This does not constitute a defect in the light.
2. For dimming LED lights. Not all LED lamps are compatible with all dimmers. Please check compatibility before installation. Incompatibility does not constitute a defect in the luminaire.

3. Flickering at low dimmer settings (from 50%): When using dimmers, slight flickering may occur at low settings. This is normal behaviour and does not constitute a defect in the luminaire.
