

MICRO power feeds

CONSTANT VOLTAGE SOURCE

157850
LED
Dimmable
€119.00

This product will be released on 30 April 2026

Variant
CONSTANT VOLTAGE SOURCE

Body Color
colorless

Mount Type
Einbau (R)

Technical specifications

Body color
colorless

Primary connection voltage
230 Volt

Dimmable
Phasenabschnitt (C)

Input power
019d5419217f72d0860aec6c69938d57
Watt

Safety class
3

Ingress protection
IP20

Information on operating LED lights

Thank you for choosing our LED lights.

To ensure the best possible performance and longevity of your new lighting, please observe the following instructions:

1. When operating LED lights, visible, brief changes in light may occur due to voltage changes in the mains. This does not constitute a defect in the light.
2. For dimming LED lights. Not all LED lamps are compatible with all dimmers. Please check compatibility before installation. Incompatibility does not constitute a defect in the luminaire.
3. Flickering at low dimmer settings (from 50%): When using dimmers, slight flickering may occur at low settings. This is normal behaviour and does not constitute a defect in the luminaire.
