## Technical specifications

### Body color

painted white

### Primary connection voltage

12 Volt

### Dimmable

Dimmbar mit  
entsprechendem  
Betriebsgerät

### Input power

12 Watt

### Light color

2700 K

### Option

Optional 3000k

Optional Dim2warm

### LED luminous flux

1250 lm

### Color rendering index

CRI 97

### Safety class

3

### Ingress protection

IP20

### Design

BRUCK-Design

Information on operating LED lights

Thank you for choosing our LED lights.

To ensure the best possible performance and longevity of your new lighting, please observe the following instructions:

1. When operating LED lights, visible, brief changes in light may occur due to voltage changes in the mains. This does not constitute a defect in the light.
2. For dimming LED lights. Not all LED lamps are compatible with all dimmers. Please check compatibility before installation. Incompatibility does not constitute a defect in the luminaire.
3. Flickering at low dimmer settings (from 50%): When using dimmers, slight flickering may occur at low settings. This is normal behaviour and does not constitute a defect in the luminaire.
