## Technical specifications

**Body color**  
painted black  
**Primary connection voltage**  
230 Volt  
**Dimmable**  
Phasenanschnitt (L)  
**Input power**  
15 Watt  
**Option**  
Optional DALI  
Optional Casambi  
**Safety class**  
2  
**Ingress protection**  
IP20  
**Weight**  
0.22 kg  
**Design**  
BRUCK-Design

Information on operating LED lights

Thank you for choosing our LED lights.

To ensure the best possible performance and longevity of your new lighting, please observe the following instructions:

1. When operating LED lights, visible, brief changes in light may occur due to voltage changes in the mains. This does not constitute a defect in the light.

2. For dimming LED lights. Not all LED lamps are compatible with all dimmers. Please check compatibility before installation. Incompatibility does not constitute a defect in the luminaire.
3. Flickering at low dimmer settings (from 50%): When using dimmers, slight flickering may occur at low settings. This is normal behaviour and does not constitute a defect in the luminaire.
